Course Description: MATH 1314. COLLEGE ALGEBRA. (3:3:1) Prerequisite: Two units of high school algebra or MATH 0320. A standard course in college algebra. Quadratic equations; ratio and proportion; variation, binomial theorem; progressions; inequalities; complex numbers; theory of equations; determinants and matrices; linear programming; mathematical induction; permutations and combinations. (copied from the current SPC catalog)

Core Objectives:
Communication Skills: Effective development, interpretation, and expression of ideas through written, oral, and visual communication.
 • Develop, interpret, and express ideas through written communication.
 • Develop, interpret, and express ideas through oral communication.
 • Develop, interpret, and express ideas through visual communication.
Critical Thinking: Creative thinking, innovation, inquiry, analysis, evaluation, and synthesis of information.
 • Generate and communicate ideas by combining, changing, and reapplying existing information.
 • Gather and assess information relevant to a question.
 • Analyze, evaluate, and synthesize information.
Empirical and Quantitative Competency Skills: The manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
 • Manipulate and analyze numerical data and arrive at an informed conclusion.
 • Manipulate and analyze observable facts and arrive at an informed conclusion.

Student Learning Outcomes/Competencies*:
Upon completion of this course and receiving a passing grade, the student will be able to:
 1. Demonstrate and apply knowledge of properties of functions, including domain and range, operations, compositions and inverses.
 2. Recognize and apply polynomial, rational, radical, exponential and logarithmic functions and solve related equations.
 3. Apply graphing techniques.
 4. Evaluate all roots of higher degree polynomial and rational functions.
 5. Recognize, solve and apply systems of linear equations using matrices.
*Developed by the Texas Coordinating Board and the Faculty of South Plains College's Math and Engineering Department.

Textbook: The textbook for this course may be <u>any</u> of the following:

Beecher, J. A., Penna, J. A., Johnson, B. L., & Bittinger, M. L. (2017). <u>College Algebra with Intermediate Algebra: A Blended Course.</u> Boston: Pearson. ISBN 0134555260.

Blitzer, R. (2018). <u>College Algebra, 7th ed.</u> New Jersey: Pearson Prentice Hall. ISBN 978-0-134-46916-4.

Blitzer, R. (2007). <u>College Algebra, 6th ed.</u> New Jersey: Pearson Prentice Hall. ISBN 978-0-321-78228-1.

Blitzer, R. (2010). <u>College Algebra, 5th ed.</u> New Jersey: Pearson Prentice Hall. ISBN 0-321-55983-5.

Course Objectives: Successful completion of this course should reflect mastery of the following objectives.
1. Solve and graph problems involving linear, quadratic, exponential, and logarithmic functions;
2. Solve and graph linear, quadratic, and rational inequalities;
3. Identify and simplify complex numbers;
4. Apply midpoint, distance, and circle formulas;
5. Analyze and graph polynomial functions;
6. Analyze and graph rational functions;
7. Create and solve systems of equations with algebraic techniques, with matrix techniques, and with determinants;
8. Apply the Binomial Theorem to expand binomials of higher degree.

Attendance: Attendance and effort are the most important activities for success in this course. Class attendance may be taken at any time during the class period, so please do not be late or leave early. You may be dropped from this course with a grade of X or F if you are absent <u>three</u> consecutive classes or if you exceed five absences throughout the semester. Be on time and turn off any cell phones or pagers before entering the classroom.

Assignments & Grading: Homework assignments will be made at each class meeting. Quizzes may be administered at any time. Keep all class materials (notes, handouts, homework, quizzes, and exams) organized in a notebook (3-ring binder). These materials are subject to be turned in for grading at any time. Please make certain all materials accompany you to each class meeting. <u>No late assignments will be accepted.</u> Daily work (homework, quizzes, notebook) will count for 20% of the final grade, while all exams count for 80% of the final grade. Expect four major exams (15% each) throughout the course and a cumulative final exam (20%) at the end of the course. Your final average in the course will determine the letter grade posted on your transcript. This grade is determined by the following scale: A (90-100%), B (80-89%), C (70-79%), D (60-69%), F (0-59%).

> <u>Format for submitting all assignments:</u>
> 1. Write the problem on your own paper.
> 2. Show all necessary work.
> 3. Clearly mark your answer.
> 4. Check your answers on Blackboard to make certain you are practicing correctly.

Supplementary Course Information & Tutoring: Blackboard is the online course management system that will be utilized for this course. This course syllabus, as well as any class handouts can be accessed through Blackboard. Login at https://southplainscollege.blackboard.com/. The user name and password should be the same as the MySPC and SPC email.
> User name: first initial, last name, and last 4 digits of the Student ID
> Password: Original CampusConnect Pin No. (found on SPC acceptance letter)

Free tutoring is available in room M116 at the Levelland campus or in Building 2 at the Reese Center. Check Blackboard often for the latest tutoring schedule and course supplements (handouts, online practice quizzes, additional notes, sample problems for practice, etc.).

Questions regarding Blackboard support may be emailed to blackboard@southplainscollege.edu or by telephone to 806-716-2180.

Supplies: You will need a scientific or graphing calculator, graph paper, and a 3-ring binder. Calculators on cell phones, TI-89, TI-92, or TI-Inspire calculators, or any other electronic devices will <u>not</u> be allowed during testing without permission from the instructor.

Student Conduct: You are expected to be respectful to others in the classroom. Please assist in maintaining a classroom environment conducive to learning. Any student disrupting the learning environment will be asked to leave and may be dropped from the course.

Disability: Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office

early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Reese Center (Building 8) & Lubbock Center 806-716-4675, or Plainview Center (Main Office) 806-716-4302 or 806-296-9611.

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College -1401 College Avenue, Box 5, Levelland, TX 79336, 806-894-9611.

Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to the SPC policy at: (http://www.southplainscollege.edu/human_resources/policy_procedure/hhc.php).

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.
